

MOBILITI™ WITH CARDVALET® CHEAT SHEET

You can now manage your debit cards directly from your mobile banking app

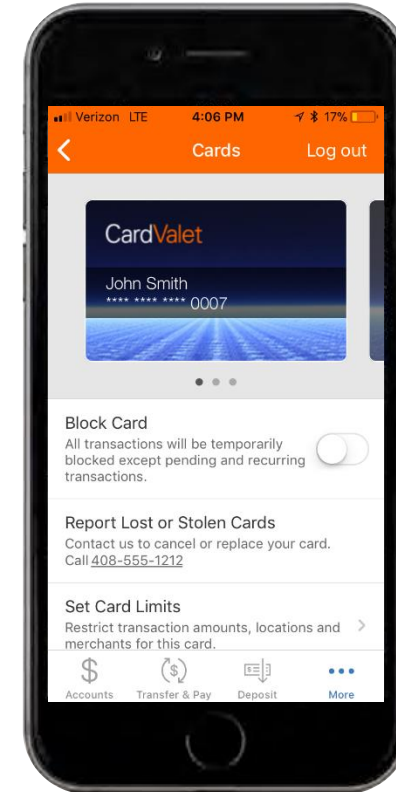

Getting started with CardValet

Log in using your User ID and password, or your biometric login.

Once logged in, tap the **“More”** icon at the bottom right of the screen. Tap the **“Manage my cards”** button to access the CardValet features.

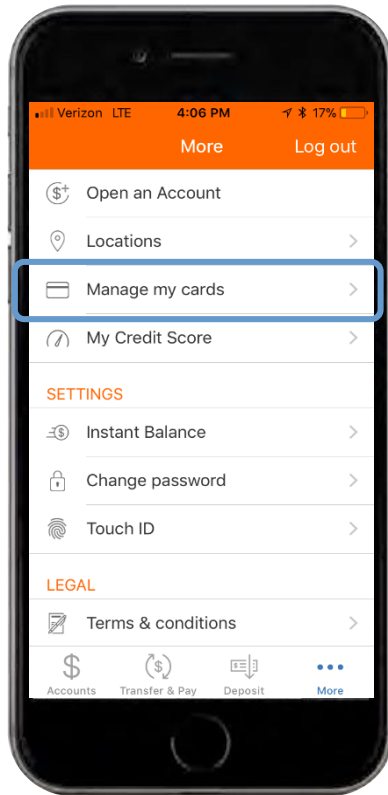

The **“Manage my cards”** button will take you to a screen similar to the one shown above. In this screen, you can block cards, report lost or stolen cards, and set card limits.

Setting card limits: Transaction amount limit

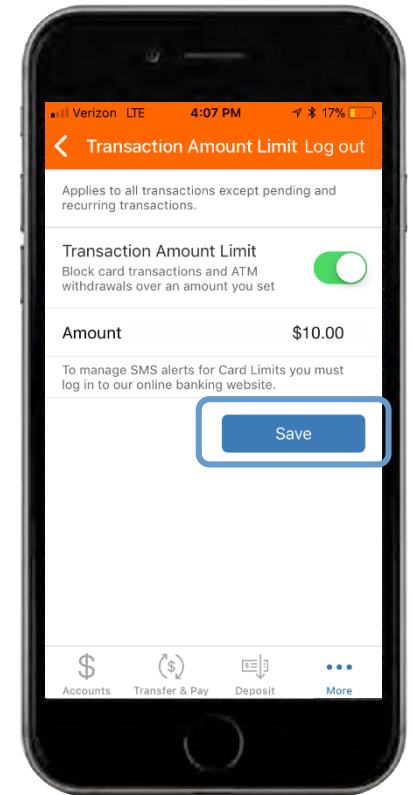

Once logged in, tap the **“More”** icon at the bottom right of the screen. Tap the **“Manage my cards”** button.

Tap the **“Set Card Limits”** button at the bottom of the screen.

Tap the **“Transaction Amount Limit”** button. This feature allows you to block card transactions and ATM withdrawals over the amount you set. If a limit is already set, you will see it here.

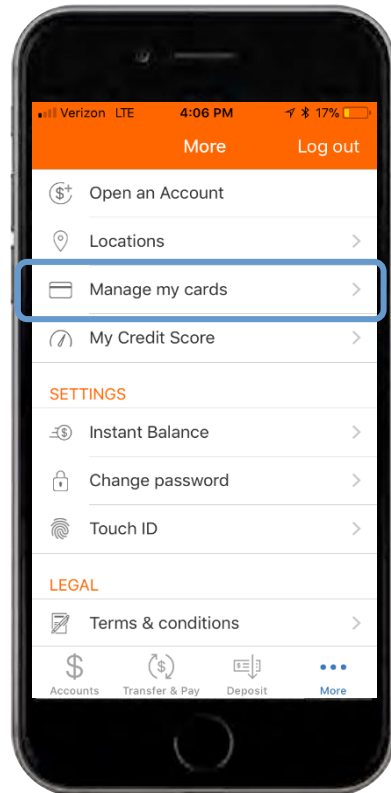

You can toggle on the feature and set the amount in this screen. Don't forget to save your settings to enable the feature.

How to block a card

Once logged in, tap the **“More”** icon at the bottom right of the screen. Tap the **“Manage my cards”** button.

To temporarily block all point-of-sale and ATM transactions, toggle on the Block Card feature. While the card is blocked, only pending and existing recurring transactions will be approved.

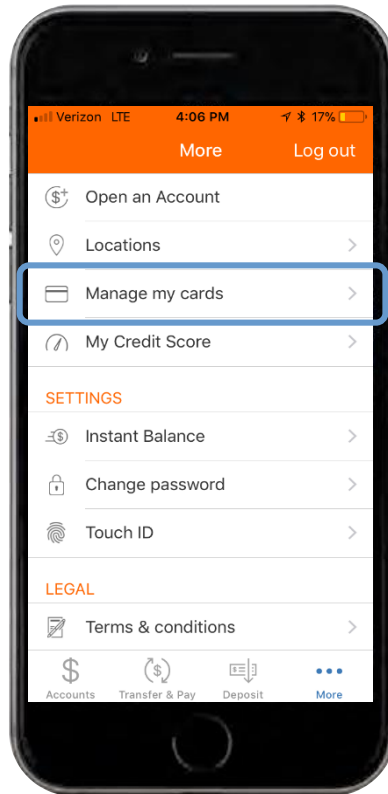

After toggling on the switch, the card will be labeled as temporarily blocked.
